

G923 TRUEFORCE

Racing Wheel and Pedals

TRUE RACING COMES FROM WITHIN

Logitech G923 is a high-performance racing wheel that revolutionizes the racing experience. Re-engineered to support a next-generation feedback system, G923 features TRUEFORCE high-definition force feedback that dials into game engines to deliver higher-fidelity realism. Feel the pistons pumping, the gravel crunching, and every shift, drift, and hairpin turn like never before. An all-new progressive brake pedal recreates a pressure-sensitive brake system, while a programmable dual-clutch system simulates a real racecar launch assist in supported games so get more traction with less smoke.¹

Premium Build

Brushed metal, leather stitching, polished pedals.

Dual Clutch

Get off the starting line faster with more traction, less smoke.

On-Wheel Controls

Xbox One/PC or PS4/PC controls (two models available).

Rev Indicator

Color LEDs show RPM. See when you're redlining.

TRUEFORCE

Next-gen force feedback for unprecedented realism.

24-Point Selector

Control traction, torque, brake force and more.

Polished Metal Pedals

Clutch, throttle and updated brake pedal featuring a progressive spring for a more responsive feel.

G HUB Customization

Personalize wheel sensitivity, force feedback levels, button actions and more via G HUB Gaming Software for PC.²

WHAT YOU NEED

- Playstation® 4 or Xbox® One game system (two models available)
- PC with Windows® 7 or later + 150 MB of available hard disk space
- Game that supports Logitech force feedback racing wheel*
